ABOUT BCS

For over 30 years, BCS has served our client partners with virtually all of their surplus and end-of-life asset needs. We host a massive nationwide footprint and over 250,000 square feet of warehouse space between multiple locations

across the United States. We are uniquely qualified to solve all asset and excess waste challenges that businesses, like yours, face on a daily basis while being environmentally responsible by striving for maximum landfill diversion.

TRUST. DEDICATION. BCS.

BULLDOG LIQUIDATORS

BCS' capabilities don't stop at recycling.

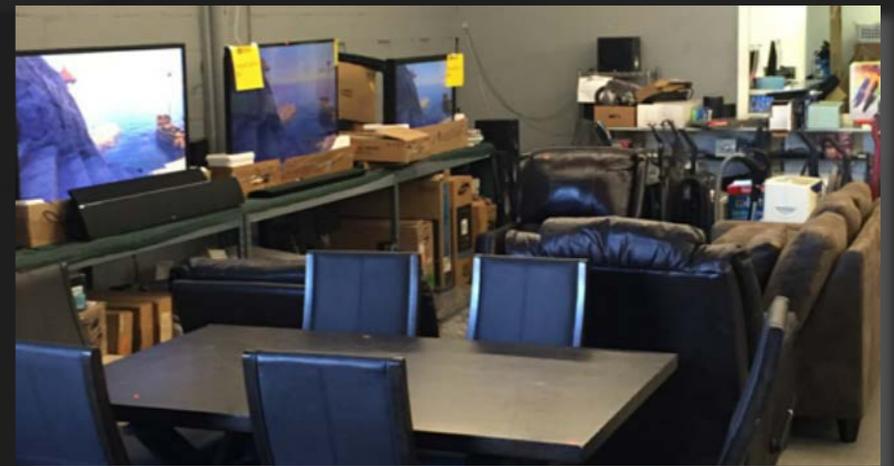

As a subsidiary of BCS, Bulldog Liquidators insures your excess surplus is re-used to its maximum potential. BCS doesn't "cherry pick" your unused assets;

WE TAKE EVERYTHING, therefore Bulldog

guarantees what is salvageable is re-used and BCS

assures what isn't salvageable is handled in an

environmentally responsible way.

TRUST. RESPONSIBILITY. BCS.

CERTIFIED AND LICENSED

BCS cultivates value-driven partnerships to provide **TRUSTED** end-of-life asset management and recycling services. We are R2 and ISO 14001 certified to handle any asset-specific need that your company is responsible for.

We hold ourselves accountable of respecting your company's processes and abiding by your brand's regulations and mandates to avoid channel conflict, security breaches, or other issues. We ensure this by undergoing annual audits and personal inspections from our country's largest brands like Amazon, Costco, Dick's, Granger, and more.

TRUST. ACCOUNTABILITY. BCS.

PROCESSING CAPABILITIES

PRODUCT ACQUISITION

ALL OF OUR WAREHOUSES RECEIVE THOUSANDS OF POUNDS OF EXCESS SURPLUS EVERY DAY. WE PICK UP YOUR PRODUCT, SHIP IT TO OUR NEAREST WAREHOUSE, AND PREPARE THE CONTENTS FOR SORTING.

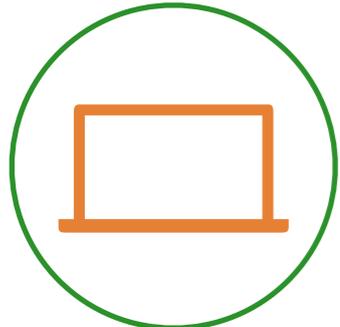

SORTING

BCS USES ITS OWN PROPRIETARY SORTING PROCESS CALLED *SMART SORT AND SEPARATION™*. WE WILL SORT YOUR PRODUCTS INTO APPROPRIATE CATEGORIES, IN ACCORDANCE WITH YOUR BRAND'S SPECIFIC REQUIREMENTS AND INTERNAL STRATEGIES.

ACTION

WE WILL TAKE THE NECESSARY STEPS TO RECYCLE, RE-USE, OR DISPOSE OF YOUR PRODUCTS IN AN ENVIRONMENTALLY FRIENDLY MANNER.

REPORTING

WITHIN 30 DAYS, WE WILL PREPARE A CUSTOM REPORT THAT TRACKS THE RESULTS AND FINAL ENVIRONMENTAL IMPACT OF YOUR UNUSED GOODS.

TRUST. PROCESS. BCS.

ASSET DISPOSITION

At BCS, we take your unused assets seriously.

We also understand that TIME equates to VALUE.

BCS will always abide by your company's standards and handle the logistics efficiently with speed, precision, and full transparency, so you are always up to speed about how we're handling your product.

RESELLING

Utilizing BCS' ability to resell surplus or previously unused inventory throughout any of our nationwide warehouse locations, we push ourselves to deliver the highest monetary return back to your company.

We use a variety of services, both in-house and third party, to resell items that both meet our standard of quality and follows your company's conflict restrictions.

I.T. ASSET DISPOSITION

BCS' IT Asset Disposition staff is fully trained and certified to test, screen, refurbish, recycle and resell technology-based hardware and devices.

Asset Tracking

Using our proprietary SaaS-based enterprise resource planning system, each qualified asset is entered into our database by serial number and a number of other asset specific identifiers and specifications. Each asset is affixed with a system generated unique ID (UID) barcode sticker, allowing us a solid means to track each client asset through every step of our value added IT Asset Disposition program.

Testing, Diagnostics & Refurbishment

Since BCS is R2 certified, it is required that we fully test assets for proper functionality. At our many nationwide facilities, we also grade and clean all received devices. If applicable, we run a series of diagnostic tests, as well as wipe clean all data containing devices to strip them of any proprietary data.

TRUST. TECHNOLOGY. BCS.

I.T. ASSET DISPOSITION CONT...

Data Security

Data containing devices are wiped to National Institute of Standards and Technology (NIST) 800-88 or Department of Defense (DoD) 5220.22M data erasure standards. Data containing devices that fail to boot, mount, detect, or are otherwise inaccessible are physically destroyed to protect any and all proprietary information contained within. Certificates of Data Destruction are provided for all software data eradication and physical destruction jobs.

Reintroduction & Remarketing

In order to minimize electronic waste, each applicable asset is made available for sale into qualified secondary markets. Through a vast number of sales channels, BCS ensures our clients the highest return all decommissioned or excess IT & enterprise related electronics.

Reporting

BCS can provide secure online access and full audit reports for each load of inbound equipment that we receive. Our ITAD reports offer in-depth and itemized information in order to keep our clients 100% up to date on the status of their unused assets, including financial disclosures.

TRUST. SECURITY. BCS.

So, why go with BCS?

- We have been a trusted leader in the industry for 30 years
- We maximize the value of your un-used surplus
- We operate on a nationwide scale through our many warehouses and retail locations
- We are registered on both state and federal levels
- We hold multiple certifications through Orion Registrar, Inc.
- We are R2 and ISO 14001 certified
- We exceed our industry's standards by protecting our partner's interests

We measure our success by the amount of repeat business we've received over the years. BCS has earned its position in the industry by mastering 4 major tenets:

RECYCLE, RE-USE, REPAIR, and REPORT

THE FOUR R'S: RECYCLE

BCS has been a leader in environmental responsibility for over 30 years. We hold multiple recycling certifications to assure we remain the most trusted resource for every reverse logistical need. More importantly, BCS strives for 100% landfill diversion for almost every product received and that's why the nation's largest companies trust us to be their partner for world class recycling.

TRUST. RECYCLE. BCS.

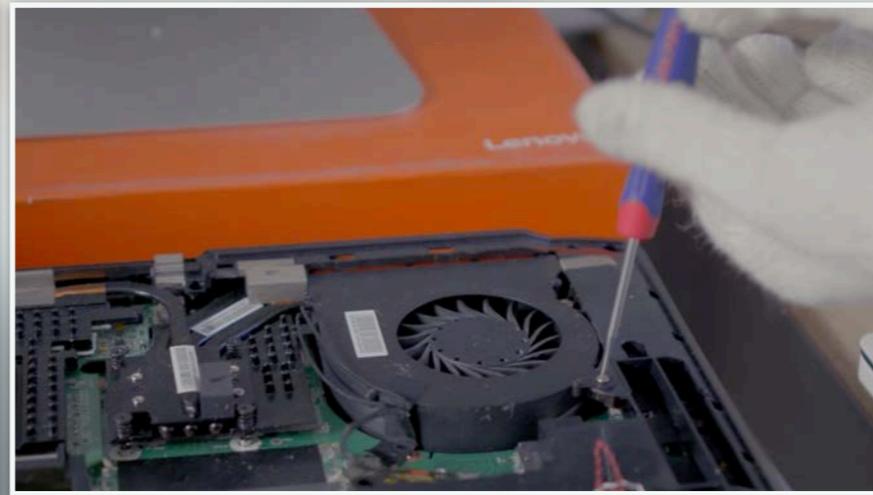

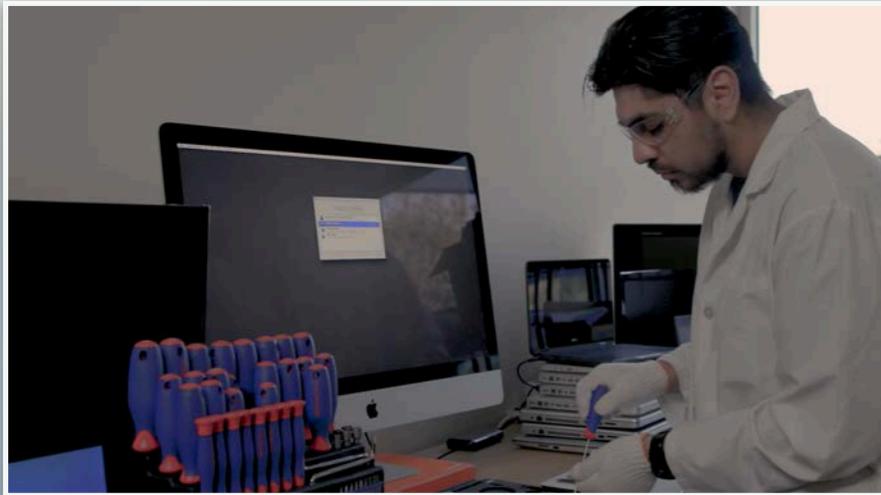

THE FOUR R'S: RE-USE

Looking to profit from your unsellable inventory? Between our multiple repair divisions and 6 nationwide Bulldog Liquidator locations and auction sites, we have every tool to solve our partner's unsellable or unusable asset needs. Our dedication to excellence includes no brand channel conflict and your full understanding of what we do with your products, thus giving you the information and piece of mind that your asset's value was maximized.

TRUST. RE-USE. BCS.

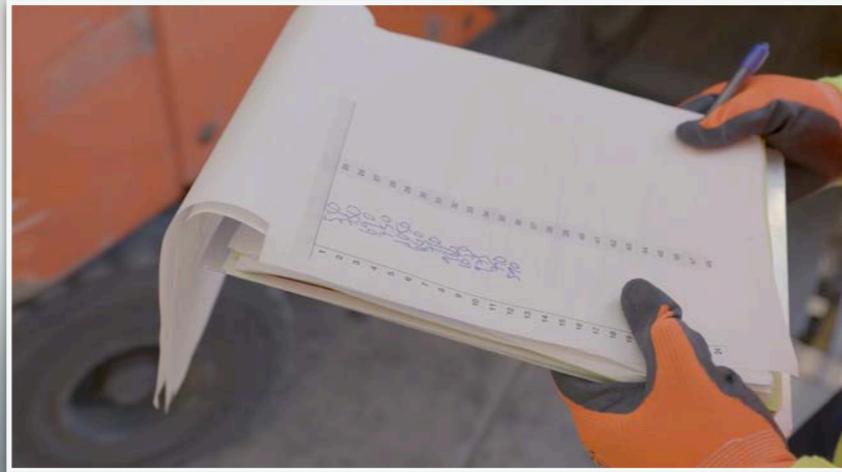

THE FOUR R'S: REPAIR

Our nationwide repair facilities and expert teams allow us to repair most products whether it is furniture, electronics, or other items. BCS is here to give your defective products a second life.

TRUST. REPAIR. BCS.

THE FOUR R'S: REPORT

We understand that every business has unique requirements, so we create custom solutions for each of our partner's needs. We are able to measure and report back your assets' environmental impact through our certified recycling and disposal services. Also, our landfill and EPA reporting allows your organization the assurance of knowing where and how your material was disposed.

TRUST. REPORT. BCS.
